The first business before the meating was the election of officers. Withiam H. Pelphrey, the energetic president of inst year, was the unanimous choice of all the delerantes for league president. G. W. Westen was elected as vice-president. Paul. Atleson as treasurer and L. M. Coyne as secretary. Mr. Coyne did some hard work for the Commercials last year and makes a fine running mate for the president. The newspaper men are particularly pleased with the reslection of Mr. Coyne, who is always ready to supply information regarding the league.

Then came the discussion of franchises, which was decided as already related. There seemed to be some question as to how it would be possible to work out a full schedule with five or six femme as it will be possible to put the park only half the Sundays of the season, alternating with McCloslies's professional nine. There was some suggestion about Sunday morning games when the Mackmon are home. It will be impossible for the Com-

On the Importance of Lonesome Practice. By STRAIGHT DRIVE.

Solitude on the links, with none to dispute the right of way, is the 16 tall condition for golfers who place the plansarse of accomplishment far above their inclinations to gregariousness, but it is seldem to be had on a popular course. No links that is worth while, especially on the days when every one feels free for an outing, with none to dispute their rights, is ever to be enjoyed all alone.

But it is different with the golfer who goes out resularly to study the capabilities of any particular club and to school himself in the neurate methods of handling it. Any old corner of the course will do for this sort of practice and there is no better way to improve one's game. In most case, through the pierversity of human nature, each player when he practices at all, does no at the form of game he is best at. The masterly swiper will practice full shots for hours at a time; the wight who is able to pitch an approach from any distance on to a table mpkin is forever enjoying himself with mashle trials, and the whards with the patter, when the reached in medials when a particle hours within 26 yards of the pin.

Games For Sunday.

The games for next Sunday were arranged as follows: First game, Feldmans vs. Puritys; second game, Everyhodys vs. Wals.

hodys vs. Walt.

Manager Bix announced that he would use Edwards and Dooning on the points against the bakers while manager Simms Davis of the Puritys, announced his battery as Weiss and Chacon. It will be the first appearance of the season for the baker southpaw.

ance of the season for the baker south-paw.

"Bed" Levingston, manager of Ev-erybodys, will starts "Buster" Gillette again but will have Paul Fisher in reserve. Lawrence will be behind the bat for the counterjumpers. Against them, Juan Gomez, manager of the Wals nine, will put Villareal, who pitched such a wonderful game last Sunday, and Florez.

Wals Dut to Wis.

Sunday, and Flore:

Everybodys haven't been defeated this season and manager Gomez is out to break their winning streak. Wals have been defeated twice, but both times in 'hip and tuck' games. They have been playing as good, if not better, ball than some of the other teams but have just been in a bit of hard luck.

luck.

One suggestion that has been made to the Commercial leaguers is that a prize be offered the teams playing their full seven innings in the fastest time during the league season or that a prize be given the teams having the best average time during the entire season.

Speed Up the Games.

The idea of this is to speed up the games. The players were slow in getting on and off the diamond between the innings last Sunday and the doublebeader dragged along considerable.

doubleheader dragged along connec-erable.

It was six oclock when the second game was finished. The league has already taken notice of this and it is announced that Sunday's doublebill will start at 2:15 oclock. Umpley Mackey has also been instructed to hustle the phyers a bit and it is ex-pected to play each game in less than an hour and 15 minutes.

Everybodys Have Class.

Everybodys Have Class.

The four teams which have already been granted franchises are better balanced than last year and the fans who take in the Commercial games are in for some good sport. With Gillette in good shape and Fisher pitchins the quality of ball he has shown so far this year, Everybodys appear to be the class so far as the pitchers are concerned. If Puritys use Maresch as a regular their pitching department will be greatly strengthened. Brannan ham't rounded into form yet while Welss has not been seen in action.

Edwards, the Galveston youngater, who is flinging for the Feidmans, came here with a record of scoring two victories in five starts over Claude Graham at Galveston. He worked very slow on Sunday hut will undoubtedly de faster work when he gets into better condition. His also has another pitcher under cover, who is reported to be a dandr.

come along and take his measure when least expected."

Thinks Well of Mitchell.

'I have a great deal of regard for Charlie White, but I really think that Johnny Jundee or Bonny Leonard would give him as hard a hattle as any one. I have beard a great deal about Richie Mitchell, the Milwankee lightweight, but cannot pass judgment on him as I have never seen him in action. From what other baxers tell me who have fongist him, there is no doubt in my mind that he atunds very highly among the lightweights, and no doubt must be been also be sufficiently and my distributions. I have never seen the in young and ambilitious, and no doubt in a long contest, would give Welsh considerable trouble. I understand that Mitchell and Welsh are to meet in Milwankee early in April in a ten-round contest.

"Of course I would expect Welsh to contest, him hat you never can tell

Fred Pulton Did Something.

Fred Pulton, the Rochester giant, accomplished something hast week that home of the heavyweights have been able to put over for a long time, and that is the knocking out of Jim Flynn. The Pueblo heavyweight has been a foot in the side of many of the bir follows for a long time. He has suffered but four knockouts in his career; one by Tomme Burns in 15 rounds, and another by Al Kaufman in nine rounds, one by Sam Langford in 66 rounds, and another by I, ather McCarthy in 15 rounds. These occurred some time ago, and during the last three years Fireman Jim has been meeting all the taughest heavyweights in the business and putting up some wonderful contests. He has lost numerous bittles out has always been lighting like a wild man throughout, and giving the fains satisfaction for their maney.

A week before he met Fullou, he battled with Jack Dillon in New York for 15 rounds, Dillon having the bost of it, but being unable to stop him is remained for Fulton to turn the trick and in doing so, deponstrated that he is back in form and has a terrific panch in either hand. When Fulton knocked out Andre Anderson a few months ago, the Chicago man was put to sleep for nearly half as hour, and since that time Anderson has won a number of contests in the east.

In the battle with Flynn, the Rochester giant fought him at his own game, mixing in close and at long range. While at long range, he made Flynn a chopping block, the same as Jack Johnson sild at Las Vegas when they fought for the championship. Fulson kept Flynn's head bobbing back like a cork on the water—first, with straight lafts to the faw, and then with short right unper cuts when in close. The opening round of what

AS CRUCES has some good boys' Aggle Juntors and Law Cruces Juniors and now comes a report of a game between the Las Cruces Grammar school team and the Las Cruces Stars.
The school team defeated the Stars in an Il imning game on the high school streams in Las Cruces by a score of 5 to 5.

Both the school team and the Stars want to hook up with El Paso teams. The Las Cruces teams average 85 pounds in weight, from 12 to 15 years of age and from three feet one inch to five feet one inch in height.

Kollowing is the lineup of the Lan Cruces Grammar school team; Fablus Brooks (captain, 18; "Tiger" Hugh Hancock, c: "Chicke Fred Alvarga p; Tom Barber, 15; "Hallo" Louis Apodaca, as: Telles Lopez, 25; Bill Martin, rf; Charles Sinnock, if; Oliver Summerford and Monroe Lee, outfield and utility.

Fulton such his manager, Mike Collins, were elaied over the victory, but the big fellow says that the man he would like to get now is Jim Coffey of New York, as he considers him about the best of the heavies, although he would not be averse to meeting Dillon at any time. As a heoryweight prospect, he certainly looks good at present.

"Beck's" Amen Corner

COMMERCIAL leaguers are furnishing us with some pretty good early season baseball and the card for next Sunday afternoon at Rio Grande park looks to be up to the high standard set by the semipros. in their first two games this

REELECTION of William H. Pelphrey to the presidency of the Commercial Baseball league was just a little testimonial from the semi pros. to one of the most efficient leaders that league has ever had. Mr. Peiphrey worked has for the laegue last year and there wasn't the slightest doubt that he would be reelected this year if he would accept the post. The Commercials are to be congratulated on getting his acceptance.

PLANS for the suggested track and field ment here in May are, naturally, rather vague at the pres-ent time but it is to be hoped that it will be possible to put the scheme across. With four or five institucious competing, there should be some good sport and the attendance should be large enough to take care of the financial end.

FRED FULTON thinks Frank Moran was eliminated in the bout at New York last Saturday night and points out that his own knockout of Jim Flynn puts him in the front rank of the title contenders. He now wants a crack at Willard and isn't at all backward in setting forth his claims.

FOUR franchises have been awarded in the Commercial league but there is still a chance for the Krackajacks and the Millers. The Kracks have already demonstrated their speed and if the Millers can show the necessary class it is likely that the other two teams will be taken in at at a meeting to be held next week.

SUNDAY'S games will count in the official standing of the Commercial league. The full schedule has not yet been drawn but will be finished when the matter of taking in extra teams is decided.

"BATTLING" LEVINSKY had the edge on Jack Dillon in New York Tuesday night. Levinsky is not rated as a title contender and the fact that he beat Dillon doesn't improve the stock of the Indianapolis fighter. Dillon may be a leader in the light beavyweight ranks but he is not and never will be a real heavyweight title contender.

"RED" HENDERSON, the Dallas fighter who dropped out of the lightweight ranks after being stopped by Bobby Waugh, has made a good start as a welterweight, after a long rest. He hammered "Young" Denny, the New Orleans "championship con-tender," so badly at Galveston the other night that Denny's seconds tossed in the sponge in the seventh round.

Next Two Weeks.

Much interest is being manifested in the coming circus of the local Y. M. C. A. Tuesday evening a hard workent was held on the various drills as well as on the apparatus work.

A feature of this year's circus will be the heavy symmastic work. Homer Thomas, Al Shutz and Lee Nichols, "all stars" on the apparatus, are laid un with injuries so that it will be up to the younger generation to learn and perfect circus stants" during the next month. Physical director A. L. Helm is very optimistic after the first nigat's workout of the "comers." Among those who are showing promise are Krupp. Silberberg. Logan. Daniels. Arthur, Harvey, Whippic, Atkason, Davis and Brown. The men will be worked hard on the high bar, parallels, long horse and flying rings. Paul Krupp is doing some remarkable work on the long horse and soon will be without a peer, Leveraux Bowman promises to become a star on the marallels.

Fractice will continue on Monday. Tuesday, Thursday and Friday evenious at Sociock and sums of the boys are planning to work Wednesday and Saturdays, also, which will make a week full enough for any one.

All who are interested in the big show should apply to physical director at once for a place in the drills or gymnastic atunts.

WILLARD TO FIGHT FULTON

New York, March 29.—Tom Jones,
manager for Jess Willard, said Tuesday;
that he had refused an offer of \$20,000
for the beavyweight champion to box
ten rounds with Fred Fulton, in Milwaukee. The offer, it was said, was
made in Jones by Tom Andrews, a Milwaukee promoter.

Jones, it was said, notified Andrews
that Willard's contract with a circus
will take effect April 29, and that he
would not take any engagement which
might jeopardize that Jones added
that the circus contract was efor
